

Part-Time Ministry Worker: Armadale Congregational Church

Armadale Congregational Church is seeking a part-time pastor or families worker (at least 3 days/week). The successful applicant will be a mature Christian who has a passion for gospel growth. They will have demonstrated an ability to lead teams and teach the Bible. They may be a recent Bible College graduate or experienced gospel worker, and they will work alongside our full-time pastor to increase ministry among families and mission amongst the community of our on-site school.

As the position is alongside an existing pastor, the specific areas of responsibility and duties are partly negotiable according to the capacities of the applicant. However, our vision for this role is to see gospel growth in families, including youth and children, and to develop avenues of church-led ministry through the school community.

Armadale Congregational Church is a denominationally independent fellowship of roughly 50 people who love Jesus and want to see people grow in their knowledge and love of him. We are Bible-based, theologically reformed, and have a strong tradition of expository preaching going back 120 years. We have a highly successful on-site school of about 620 students (K-12), Dale Christian School, which is committed to affordable quality Christian education and is staffed by (protestant) Christians. At least 40% of Dale families are unchurched, and we are prayerfully committed to reaching this mission field God has given us, as well as our family, colleagues, and friends, and the lost community around us.
