

Trinity MDiv Graduate Jeremy Ng being interviewed at C&G 2022

Our 2022 Commencement & Graduation Service is an opportunity to look back with thanks to God for many mercies—students, supporters, churches, pastors and leaders, and our staff. We are also given a glimpse of the future—not what will happen, but what could happen. Many of our graduates have 30 or 40 years of ministry life ahead of them (if the Lord tarries); who does not think of the hundreds or thousands of people who may hear of God's great love through them?!

But what is it that these men and women must hear as they begin and as they continue? The same thing that those who have gone before them needed to hear and that we need to hear:

*As you therefore have received Christ Jesus the Lord, continue to live your lives in him, rooted and built up in him*

## As You Were Taught...

*and established in the faith, just as you were taught, abounding in thanksgiving. (Colossians 2:6-7)*

Paul has heard that the fledgling church in Colossae was being drawn into a Jesus “plus” gospel: “Yes, you have begun well enough, but to continue and flourish you need to [fill in the blank].” In their case the “plus” was keeping Jewish regulations and commands; in our case . . . well, just go online!

One of the cleverest ploys of the evil one is to substitute something impressive as a second-stage rocket to propel us further in the Christian faith, supposedly because the gospel that brought us to Christ is only good for the launch stage. The main “proof” he submits is the current state of our Christian life (or our “walk” as the Bible refers to it). This is an especially large trap for those who are relatively new in ministry when our enthusiasm wanes, when people leave without warning, when the offerings diminish and our weaknesses become known.

But Paul takes our attention away from our performance in Colossians 2:6-7 and fixes it on the Christ they received in the gospel: “As you received Christ Jesus the Lord, [so] continue to live your lives in him, rooted and built up in him.” The One they “received” at the beginning in the gospel, about whom they “were taught,” is the One in whom they are now being established by God: Christ. We continue on in Christ

by going down further into him, by knowing more of him, his supremacy and his sufficiency, as proclaimed in the gospel.

The job of the pastor, youth leader, missionary, Sunday School teacher, and every Christian, is to continue to build on the foundation that has already been laid and not to move on or veer from it. And those people who understand these things, that prayerful teaching and preaching the gospel from the Scriptures is how God establishes and grows his people in Christ, those people rejoice with thanksgiving when they see or hear that this work is being done, and of the fruit that God is bringing from it (see Colossians 1:3-11). They also know that this is not work that catches the attention of others. On the contrary, it can at times be heart-breaking and lead to intense spiritual struggles. But is there anything more enduring that we can do with our lives and with our God-given resources?

Thank you for your prayers and your support to allow this College to play its small part in this grand work of God. May he continue to use us all, in various ways, to equip more people so that many, many more might give thanks to God now and on the Day of Jesus Christ.

Yours in Christ

# Thankfulness Towards God

Thankfulness towards God is a fundamental mark of the people of God. It is the way that Paul consistently starts his letters, and its lack marks unbelievers (Rom 1:21). Thus, as the Old Testament people of God stand on the edge of the promised land, God warns them not to forget about his goodness towards them once they are safe and settled within the land (Deut 8:10–18). Yet we also find it very easy to forget to stop and give thanks for every good gift that comes from our heavenly Father. We need regular prompts to give thanks.

In this spirit of thankfulness, the whole College community gathered at North Coast Church for our annual Commencement and Graduation Service. This year, we honoured and gave thanks for 14 graduates in our Trinity Certificate of Christian Studies program, and 30 graduates in our ACT accredited course-work degrees from the 6-month Certificate to the 3-year Bachelor of Theology and Master of Divinity, and three graduates in degrees that involve a significant research component. Each graduate enjoyed different things about College and heads out into different kinds of ministries (as the following pages testify!), but all of them were marked by thankfulness to God for his equipping of them through Trinity.

Along with singing, prayer, and interviews, Cohen Watson—Senior Pastor at Rockingham Church of Christ and current member of the College Council—preached from 1 Corinthians 1:18–2:5. He reminded the graduates, and everyone else, that the world will see our message and our ministries as foolish, but God does this on purpose.

He has made it so that it is clear to everyone that all the power of new life comes completely from himself. In light of this, he gave the challenge not only to give thanks for the work that God has done in our lives but to clearly and plainly proclaim the gospel to others out of our trust that God alone saves.

The same thankfulness also marked the time after the formalities. Many families of the graduates, friends of the College, and our alumni stayed on to catch up and talk with each other about God's on-going impact of the College for their own lives and ministries.

For me, this is a large part of what makes Trinity's Commencement and Graduation such an important night in our calendar. It is a chance to honour those who have worked hard and sacrificed much to train for gospel ministry in Perth

and beyond. But more than this, it is a chance to stop and reflect on God's goodness to the College—as a whole, its friends, supporters, and alumni, and especially each of the graduates—and thank him for that. 🌟

## Student Profile

*Our Purpose: Preparing people for effective Christian service*

*It is only with your partnership in financial support and prayer that we can prepare men and women like these for Word ministry*

I attend the Unichurch service at St Matt's in Shenton Park. I grew up in a Christian home, but it was when I was in year 10 at school that I really started to see the truth of the gospel.

It was during my gap year when I was thinking and praying about

my future that situations and people pointed me to Trinity. A phone call and an interview later and I am now in 3rd year! The things that stand

out about Trinity are the centrality of the gospel in ministry, the community, and the fellowship that is formed among the students, as we scratch our heads over Greek, figure out assignments and pray together.

After graduation, I plan on doing a few years of secular work before heading into a ministry apprenticeship or even full-time pastoral ministry.

Please pray that God will grow me and direct me into the ministry he has planned for me.

# Serving and Loving People

The first quarter of the year is one of the busier times at Trinity; returning from the Christmas break, preparing for the upcoming two semesters and all of the fantastic events and gatherings that the College plans for the year, and, of course, welcoming new students to College.

To see those new faces at Orientation week, to get to know them and hear the stories of why they have decided to come to be prepared for Christian ministry, is one of the 'perks' of being a staff member here.

I am filled with a sense of gratitude to God and encouraged to persevere in the work Colleen and I do; helping to share those stories with you so that our wider community might see what God is doing in and through Trinity.

We are so grateful to supporters of Trinity Theological College, especially in these times of uncertainty and need. It is comforting to know that we have a good God on our side, and faithful financial partners in the training of people for gospel work.

My prayer is that as you have read this edition of Trinity News, you would be encouraged to continue to support the work we are doing. If you'd like to talk to me about your support, please do get in touch.
