

CARNARVON COMMUNITY COLLEGE VACANCY

LET'S TALK ABOUT YOUTHCARE... AND YOU!

Inspiring smiles and community wellbeing

The role of supporting wellbeing for everyone within our school communities remains an important one as it gives our young a better chance at a fulfilling journey along their education pathway.

Here at YouthCARE, our values of care, respect, compassion and service drive our chaplains to open their hearts and connect students, staff and parents to opportunities that create meaningful experiences and positive impacts.

We have a current 2 days a week vacancy for a Chaplain at Carnarvon Community College. Your ability to care, connect and provide pastoral support could be the positive difference this community needs to help them thrive.
